

LEADING WITH LOVE WORKSHOP

0. INTRODUCTION

I. **We're the best – you and I.**

It's likely you've wanted to be the best; well you are. And there's great evidence all around you, and in scripture to prove it.

The badge, if you want to think of it that way, is love. Yes, L.O.V.E. But we should be careful here. Wrapped up in this position of best, is the truth that we are altogether unlovely.

Unlike every other living thing, we've been made in God's image and created for fellowship with Him. That requires we 'spend our days' focused on, and learning about Him... What really puts us in that special 'best' level is that He has given us the desire (when we don't squelch it) to place our choices and activities in His lap of love. This means that He desires that we obey His will, with a definite attitude of love, trust, and reverence.

The following Leading With Love Workshop, based on scripture, will lead us in a journey of maturing and preparing for the promised eternal fellowship with God; clearly seeing our position as BEST of all the created forms, but beholden to the Creator of all that is, God- The Father, Son, and Holy Spirit.
